

Getting Around Wrocław

The Best and Easiest Transportation Options

PUBLIC TRANSPORT

Time tickets, one-time tickets, and fixed-term tickets can be purchased at newsagents, sales points, ticket machines at bus and tram stops, or via electronic ticket validators on buses and trams (for one-time and time tickets). Ticket fares can also be paid using the UC Mobile Application.

Tickets can be bought through electronic ticket validators (using an EP or payment card only; cash is not accepted in trams or buses) 24 hours a day. Please note that the electronic ticket validator does not print a physical ticket; instead, your ticket is encoded on your payment card.

Polinka

The Polinka gondola lift connects the main campus of Wrocław University of Science and Technology with the educational complex on the opposite side of the Oder River. The ride spans 500 meters, offering scenic views of the area. Tickets can be purchased on the spot.

Picturesque sights unfold through the windows of the gondola cabins, with the large water tower on Grobla clearly visible along the route. This lift, which connects both banks of the Oder River, serves as a tourist attraction and a unique mode of transportation.

BIKES

Wrocławski Rower Miejski (WRM) offers an alternative mode of transportation, enabling users to navigate the city quickly and efficiently. The system features 820 bikes and 82 stations throughout Wrocław. Additionally, the Nextbike app is available for convenient bike rentals and management.
